12<sup>th</sup> February 2019

Dear Parents/Carers,

In the last few years the strategies used to teach maths has changed and we want you to be able to support your child and enjoy doing it! We are going to be running a parent session for each class on **Wednesday 6<sup>th</sup> March**.

This session will last for 30 minutes and we hope you will enjoy it, it is supposed to be informative and help you to be able to help your child as well as reminding you that maths is fun!

Please sign up for one of the sessions below by ticking one of the boxes below. Each session will be the same so you only need to attend one. If you have children in different classes then you are welcome to go to one at one time and the other at another time, please specify this on the slip. We will be running sessions later on in the year on the other areas of maths.

We have tried to do it at different times throughout the day with the hope that you will be able to attend one of them. Please return the slip to your class teacher by Tuesday 26<sup>th</sup> February.

Yours sincerely,  
Mrs Anderson
