

Dear parent/carers,

22.11.19

Amber Class have been reading *The Storm Whale in Winter*.

In this story the character Noi is at home whilst his father is out fishing. His father is due back but he is late. Noi is worried. We talked to the children about what they would do if they were ever in this situation of being alone at home. Lots of them said that they'd leave the house and go to a friend or family member. We talked about whether they have access to a phone at home and who they would call. We also talked about not leaving their home. Please could you talk to your child about how to stay safe at home - even when the unexpected happens? Talk to them about what you expect them to do in a situation like this - however unlikely it is.

I will be asking our community officer to come and visit the children to talk about staying safe.

Please feel free to contact me if you have any questions.

Kind regards,

Miss Lennox
