

Dear Parents and carers

In 2013 we were invited to be part of a project at Capel's Mill, by the new section of canal near Waitrose. We have been working alongside Stroud Valley's project and The Canal trust. Our role has been to plant trees, sew wild flower meadows and design sign boards for the public. This links closely with our topic in Science and Geography. The class will continue to be part of a long term project which encourages children to understand and respect their local community.

Our class will go to Capel's Mill as part of **Forest School every Wednesday from 1.15 until 3pm**. The children will need **wellies and coats** for these visits and if they have waterproof trousers already, we urge you to send them in.

At present we can't have volunteers to come with us. Hope this will change in the future.

If you have any questions please send a message to Karen Golding via the office.
