Mindfulness Teaching – a short video by Barnwood Trust. Filming on 14th October 2019.

Who is the Barnwood Trust?

Barnwood Trust is a charity based in Cheltenham. Our vision is to create the best possible environment in Gloucestershire for disabled people and people with mental health problems to make the most of their lives. We won't give up until Gloucestershire is a place where everyone with a disability or mental health problem is valued for who they are and what they can give, can do the things they love, and feel fully welcome in their communities. We work towards this by awarding grants to groups, individuals and community spaces, as well as positioning Community Builders across the county to create connections and bring communities closer together.

What is the video for, and where will it be used?

The grants we give out are used for a wide range of things, and we want to celebrate this! We also want to inspire other people to think about what they might like to do in their community, and videos are a great way of sharing these stories in an engaging way.

The video with Alice will focus on how she pursued a career in mindfulness teaching, and the grant she received from Barnwood Trust. As a part of the video, we would like to film Alice teaching a mindfulness class to show her in action.

The video will be published on the Barnwood Trust website and shared on Barnwood Trust social media channels (Facebook, Instagram, YouTube).

If you would like to see examples of our videos, search for Barnwood Trust on YouTube or Facebook. Some of our most recent videos are:

- ***Getting Back Into Work - Gary's Story***
- ***Art, nature and a good, comfy bed***
- ***Cotswold Community Men's Shed***

We always make sure that anyone in our videos are happy with it before it is made public. We will be sending a preview link for Alice to view the video and provide feedback.
