Dear Parents,

Emerald Class have been listening to Mrs Nicholls-Grey read 'Goodnight Mr Tom' by Michelle Magorian as their 'end of the day' story. The children have been gripped by the book and as an end of term treat we will be watching the film. It is rated PG and below is a synopsis of the film.

During WWII, Tom Oakley, a disgruntled reclusive old man haunted by the death of his family, meets a young evacuee, called Willie, who comes from a home ruled by an abusive, religious zealot mother. The two form an unlikely friendship and Tom is determined to save Willie from his insufferable home life.

If you have queries regarding the film please don't hesitate to contact me.
