

Dear Quartz class Parent and Carers,

Please can you provide your child with **wellies, a warm coat, hat/gloves** on Thursday (6<sup>th</sup> February). If the children could come to school in an **old pair of jogger or leggings** (ones that you don't mind getting a bit muddy!) then we will change into school uniform trousers etc for the afternoon.

We will be spending the morning studying the River Frome at Capels Mill. Measuring the river flow, using compasses and applying our knowledge of river features.

Best Wishes, Mrs Allen and Mrs Smith
